Trouble shooting:

- **For problems in normal operating situation ,please try these methods below:**

- **Can't take photo and recording**
  Check the if the TF card has enough space or locked

- **Automatically stop when recording**
  Use the compatible high-speed TF card with SDHC because of big HD video data, the high-speed TF card have identifying of C4 and C6

- **Appear "files error" when replay photo or video**
  Uncompleted files because of TF card storage error, please use formatting function to format your TF card

- **Unclear video**
  Checks if there are any dirt or fingerprint; and use lens paper to clear the camera Len.

- **Black image when recording sky or water scene**
  Scenes with big contrast will influence the automatic exposure function of camera; you can adjust "EV in setting mode to correct.

- **Color is not perfect in cloudy day and outdoor light**
  Set the "white balance" function to automatic

- **cross stripe interference in image**
  Because of wrong "light frequency", please set it to 50Hz or 60Hz according to the local power supply frequency

130.com.ua

- **Crash**

  Restart by pressing shortly on" RESET" button after crash
